

Oral Board Review Virtual Course | August 12-13, 2023

Congress of
Neurological
Surgeons

DESCRIPTION: This CNS Oral Board Review Course explores and presents content through a variety of instructional methods, including didactic lectures, group case study discussions, and one on one sessions with instructors to hone their skills. Also included are breakout sessions covering cases in all subspecialty areas of neurosurgery. Relevant lectures on topics such as peripheral nerve, tumor, vascular, spine, and trauma will be presented. This course can serve as a foundation for oral board preparation and offers a customizable experience for attendees taking a focused practice exam. Hot Seat quiz sessions following the course are offered to increase learning retention.

AUDIENCE: Medical students

CME OFFERING TO AUDIENCE: 15.75 AMA PRA Category 1 Credits™

INDUSTRY SUPPORT EDUCATIONAL GRANT:

This Educational Grant includes the **recognition and benefits below:**

- Recognition of your company on the Supporters Flyer via the course's landing page within the CNS website.
- Provide us with a link out to a page of your company's choosing. CNS will post the link on the Supporters Flyer via the course's landing page.
- Verbal thank you of your company's support of the course on August 12 and 13, 2023.
- Recognition of your company in one email communication to attendees and one CNS social media post (contingent upon when the agreement is received).
- Recognition of your support onsite at the 2023 CNS Annual Meeting where further one on one sessions between attendees and faculty will take place.
